OUR WORLD

Meet the team from Camerons Stiff Lettings, who have north-west London's rental market covered

PHILIP JOHAL

LETTINGS AND MANAGEMENT MANAGER

Working in property for over a decade, I have experience in sales and property management as well as investments and lettings, which has given me a solid understanding of what landlords and investors are looking for.

Our clients have different requirements, so it's imperative we can relate to them on a professional and personal level. It's one of the reasons why I'm really happy at Camerons Stiff.

Our ethos is to offer a personable yet professional approach and we are proud to have done so successfully for over 30 years.

Willesden Green is incredibly diverse. Spectacular properties and an ever-changing demographic make it an exciting place to work. NW2, NW6 and NW10 have changed vastly over the last few years. Still retaining the charm and character of the Edwardian period tree-lined streets, quaint railway cottages, but also with exciting new developments, many of which that Camerons Stiff are heavily involved in.

OLIVER MORGAN-TOWNLEY

SENIOR LETTINGS NEGOTIATOR

I've worked at Camerons Stiff since the age of 18, and I started in the sales department. Having gained valuable experience I subsequently moved into the lettings office where I have spent the last six years building a strong rapport with tenants, landlords and business owners.

I have lived in the area all my life and attended schools nearby in Hampstead and Regent's Park. The demographics has changed considerably here since I started at Camerons Stiff, as a result of the overspill from areas such as Hampstead, Maida Vale and St John's Wood.

Due to many professionals now living in Willesden Green, the High Street is now filled by quaint delicatessens, cafes and gastro pubs with many new businesses opening in the area. The lettings market will always be difficult to anticipate, but as Willesden Green develops Camerons Stiff will continue to thrive and as an agency we will adapt and sustain a high quality and honest service to our clients.

DAVIDSON SHILLINGFORD

SENIOR LETTINGS NEGOTIATOR

With an extensive history across the sales industry, I took the plunge into the property market over seven years ago, and have not looked back.

I have specialised in the north and north-west London areas and pride myself on my experience and good, honest advice. Meeting client expectations and retaining clients because you have impressed them with your level of service is my passion, alongside helping tenants find their perfect property. Camerons Stiff's culture and philosophy is why I enjoy being part of the company, it's a family within a company.

Willesden Green and the surrounding areas have increased in popularity, with landlords seeing a good return on their investments, whilst tenants benefit from a variety of properties, great transport links and a multi-cultural environment.

I'm loving the fast paced, competitive atmosphere in the area and I look forward to the challenge and welcoming new landlords and applicants to our prominent office at Willesden Green Station.
