

FARM LETTING

With a bespoke marketing and letting service our aim is to find occupiers to maintain and improve your farm whilst paying the appropriate rent.

OUR SERVICE

As we act for owners and occupiers alike, we understand the importance of choosing the right tenant and agreeing the right terms. Letting a farm is a personal matter and each case is subtly different, but it is clear that the property needs to continue to be maintained and improved throughout the term.

We provide a bespoke approach to rural property lettings, and manage the letting, rent review and lease renewal process afterwards.

We are able to advise on market movements and trends due to our knowledge of the market by virtue of constant activity. We pride ourselves on our reputation for fairness whether acting for owners or occupiers.
